“ *Only now I learn about René's passing and I would like to express a few words to his family, in the US, Brazil or Switzerland. I had the true pleasure of working with René in the '90s with the modernization and expansion of the IAC TULSA plant. Not only was he a brilliant technician but we always aligned on private and political issues too. I was in contact with him long after his retirement and would like to pay my tribute to a person I consider a friend. May he rest in peace and join his wife in Heaven.*

“ Rene was the 1st boss that I had in the drafting field. I was shocked that he even hired me at Laufen being as I had very little drafting experience and even less computer experience. He said I would be the perfect candidate for him to teach how to draw the correct way (His way) and I learned so very much from him. I did see him a couple of times over the years, thanking him each time for taking a chance on me. He always wished me well. One of my favorite memories of him was him teaching me about calipers and how precise they were. He showed me how to measure with it and before I knew it, he pulled my hair and said "See, it can even measure down to a strand of hair" I was just amazed at how wicked smart he was! He was such an amazing teacher, boss, and just all-around person. I will miss him dearly.

Brenda- Rene was my first engineering boss as I was an intern. He was such an impressive person and I enjoyed his stories. I especially liked the one about how his bank account in Brazil could be a rolls Royce on day and the next day only a VW beetle.

“ Rene was a blessing for all of us at the Lauren Tulsa location. He was so dedicated to his job and the company- he was a true pro! I could always count on him!

God Bless

“ I enjoyed my work association with Rene while working at Laufen in Tulsa. He was an intense and smart person with a kind and generous heart! I enjoyed listening to stories of his travels and hikes and learning from his immense knowledge! He will always be remembered. Thoughts and prayers for his family. Paul and Kim Little

“ Competent and loyal work colleague during many years, and true, caring and supportive friend. Great intellect, encyclopedic fount of knowledge, strong opinions, but as honest as the day is long, faithful to his strong values. A life well lived, Rene! An example to many. Rest in Peace.

“ I had the pleasure of working with Rene for 10 years at the Laufen plant, Tulsa, OK. He was a fascinating and wicked smart man. I enjoyed a plethora of stories throughout the years. I could go to him regarding any subject, knowing he was the resident expert! I held all the respect in the world for him, including his loyalty to his profession. He made a delicious carrot salad that was always my favorite! May you now rest in peace, Rene. Deepest sympathy to the family, Gina Robertson
