“ *Richard and Harleen were my neighbor for many years until I moved. Richard always was so helpful to help me to fix things around the house. I was always buggy him for something. A better man you will never find. They have always been in my thoughts since moving. Remember the time you were gone and my Mother who was in her late 80's called the police because she saw someone jumping your fence and thought they were breaking into your home and it tuned out to be your son. Not sure which son now but she looked out for you. My prayers and thoughts are with you.*
