“ *Just found out that my friend Robbie is gone. He was always in a good mood and I always left after being around him in the same good mood. He was way to young to leave this earth and my prayers are with all of the family members and friends that are grieving for this loss.*

“ *Robbie made a positive impact with his infectious smile and laugh everywhere he went. He helped my son grow his love music, and fed his need of wanting more knowledge. Robbie was there helping my son pick out his first and only drum set, taught him more about how he should be his own individual, be proud of himself, talked to him about how he started playing drums, and taught him. Robbie is a soul unlike any other and will continue to be a an inspiration.*
