“ *"Big Bob"*

I arrived at Horton Feedlot in 1981 from out of state with no friends to begin a new chapter of my career. You and Andy Betts, along with Brad(I don't remember his last name) were the people who made friends with me immediately. I'm saddened by your death, but you know what Bob, you brought great joy to my life during an exciting time. We certainly knew how to "Work Hard, Play Hard" at Horton's. Rest in peace, Big Bob. You left a great impression on me, and I'm forever grateful.
