“ *Ron started working with us at Measured Progress this past June and from the moment I met him I knew he would be a welcome addition to our "work family". Ron always greeted each of us by name, with a smile on his face and a sparkle in his eyes. He was here with us for such a short time, but he left all who had the opportunity to know him the gift of friendship. We will miss his smile, We will miss him.*

“ *I met Ron when I started working at Longs on Drake. We connected right off the bat, and soon became my best friend. I'm still in shock and can't believe he's gone. I will miss him terribly. I still find myself wanting to call him, as we talked almost everyday. I miss hearing his voice. He always made me laugh when I was feeling blue. My regards go out to his family. He was a good man and I will miss him!*

“ Bill was in my class (1956) at Sterling High School, Sterling, CO. We were in some activities together, but didn't run in the same crowd. After graduation, I lost track of Bill until 2006 when we were planning our 50th high school reunion.

I don't remember who told me that Bill was in Fort Collins, but we did get in contact with him.

After some urging, Bill agreed to attend although he had never attended a previous reunion. After it was all over, he sent me an e-mail saying how pleased he was that he did make that effort and had renewed some old classmates.

While at Longs Drug in the photo department, he did some work for me. He was always joyful and so glad to see you!

After the reunion, Bill and I met a couple of times for coffee in Fort Collins.

The last time I saw Bill was at the Episcopal Diocese of Colorado convention in Denver, Oct. 2007. As I was walking back into the cathedral from lunch, I heard someone call out to me. Turning around, there was Bill. Both of us were delegates from our respective parishes. We spent about 5-10 minutes talking.

However, after this encounter, I again lost track of Bill.

Thankfully, today some other high school classmates who live in Loveland saw his obituary and forwarded it to me. I in turn forwarded it to all our classmates for whom I had an e-mail address.

“ Bill and his family lived next door to us in Sterling, Colo in the early 1950's. Our dads worked together at Stickeny's automotive stores. His sister, Rolleen, was then and still is a very dear friend of mine. I basically knew Bill as "the little brother" but I always remember how very smart he was. He was quiet and, shy -- at least around "us girls" but he always held his own. He was never intimidated by us -- he had a comeback for anything we might say to him--remember, we were just kids then!! Sadly, I hadn't seen Bill for the past 40 years or so but did keep up with him through Rolleen. Your husband, Dad, Grandpa, Uncle, Brother, was a very special person and I'll always fondly remember the "Little Brother."

“ To a special classmate. I had just received a e-mail from Bill, telling me his daughter, and family were coming for Thanksgiving. He had some things he was going to share with them, that friends had e-mailed him. My prayers are with Bill's family.

“ Bill and I attended school from junior high through high school together. We lost touch after graduation, as many of us do. However, in '98 or '99 we began corresponding through Classmates and continued. Bill and I talked on the phone on a regular basis, he was always caring and concerned about how I was and what was going on in my life. He was truly a best friend! I will miss him every day. He, his daughters and grandchildren are in my thoughts and prayers.

“ *What does a good friend say about the passing of a very special person and a guy who valued the friendship of everyone he met. Ron or(Bill) as he wanted us to call him, was just a person who everyone liked and admired. He always had a friendly word and a smile for friends and business associates. We were classmates for many years and his smile was always infectious. We lost track of each other and then a few years back we started to e-mail each other and then we would call and have long talks -- really about nothing and about everything. We discovered that we had worked on some of the same projects, in California and after that we always had a great deal to talk about. Our last correspondence was an e-mail earlier in November. I will miss Ron (Bill) and his warm friendship. So long good friend.
Happy trails to you until we meet again.

“ *Margie and Lynn, you and your families are in our prayers and thoughts. Wished we were able to attend the service for your dad but we will be with you in prayer. Trish has kept me up to date with your correspondence and the exciting news of your beautiful daughter. Doesn't seem that long ago when you two were classmates here. Hope we will be able to keep in touch. God Bless you all.*

“ We will always treasure our short time with Ron. We became fast friends as residents of Sugar Valley during our Feb.-March stay in Loveland. He was our mealtime companion, pool partner, puzzle comrad, and our Bingo, Mexican Train, and card buddy. Besides all the wonderful conversations we shared about our families and common interests, we shall never forget discovering early on that we were sister and brothers in the Lord. Ron's faith was so much more than words; he lived his faith and was always ready to extend a helping hand of concern and assistance in any way he could. Our comfort now, as we pray it is yours, is that Ron is with his precious Jesus, continuing to serve Him and sing His praises. We look forward to rejoining him some day soon.
May Jesus comfort you now and in the days ahead.

“ I first knew Ron and his family after he purchased Rio Blanco County Abstract Company from my father-in-law. For the past several years I have been in touch through church activities in Northern Colorado. I have appreciated his warmth and desire to serve the Lord. Although I was unable to attend his service because I was out of town until tonight (Dec. 5), my love and prayers go out to his family in this time of sudden loss.

“ *Lynne and Margie*

Our thoughts are with you both on the news of your father passing away. My Mom called last week to inform us. I had not seen Bill in some time but remember the times when I was still in school and Bill would be giving me a hard time about my home work and studies. He was always telling me to keep with it. School is very important. It was a help.

I know it is a hard time for you and I will be thinking about you.

With our sympathy Dean and family.

“ *I met Ron in the U.S.Navy in 1958. At that time he went by the name Bill. After parting ways in San Diego we saw each other in Japan several times. We kept in touch for 51 years, talking to him by phone the week before his passing. Today I can feel him looking down at me from that place not made with human hands.*

“ *Ron was a mason's mason. He was personally responsible for keeping the Meeker Masonic lodge alive during some very lean years. He was generous to a fault, probably to the detriment of his business interests. He was a close personal friend of mine, and well respected within our lodge. He kept in contact with me since he left Meeker. God speed my Brother. Resy peacefully in God's care until we meet again.*

To Ron's family, my condolences. He was a good man. Kevin Amack
