“ *Worked at Norgren with Ron since the late 60s. The more I got to know him, the more admired him. He always knew right from wrong. He held himself to high standards. He being from Michigan and I from Minnesota, we found that we had a lot of things in common and enjoyed each others company that much more. We were part of the core group of table tennis players and it was great to have him as a partner. But win or lose, he was a good sport. He was someone who made people around him better. Feeling blessed to have known him. He will always be remembered. Jim Santjer*
