“ Sondra, Words cannot begin to express my grief and sadness. We were not that close growing up because of our age difference, but over the years we became very close and he was my best friend and brother. Our father used to say, "It does not hurt till pi-- runs down your boot" Roy had a boot full the past few years, but he never complained and looked forward to the next tee time. I'm sorry I can't be there for the memorial service, I have already cried enough. I miss him very much and hope our sorrow passes soon.

“ Sondra we are here for you whenever you need us. I will miss seeing Roy driving by in his golf cart on the way to "the club!" The two of you walking Oliver always put a smile on my face! Whenever I make cookies I Will think of Roy! So happy his pain is gone.

“ Roy was my good friend and golfing buddy. I enjoyed playing with him, because he liked to play fast and was not overly upset when he hit a bad shot. I will remember the fun we had on road trips to courses other than Ptarmigan; one of the most memorable being the day we accidentally ran a golf cart into the Poudre River at Pelican Lakes. I am comforted by the thought that Roy's Spirit is now pain free and able to whack that tee ball with his 5-wood.
