

Roy McCola Summers

February 12, 2016 - April 10, 2022

Roy M. Summers, age 6, of Fort Collins passed away unexpectedly on April 10, 2022. Roy was born on February 12, 2016 in Gaithersburg, Maryland to Rosinetta and Ray Summers. Roy was the proud brother of two younger siblings and cherished little brother to five older siblings. He enjoyed spending time with his family and spoke often of them.

Roy and his family recently moved to Fort Collins, where Roy attended Laurel Elementary School of Arts and Technology. He was the love and light of his Kindergarten class. Roy had the best smile and many staff members have fond memories of seeing him with a huge smile on his face. He brought smiles and joy to everyone he met. Roy loved to play soccer and basketball during recess and loved to build puzzles and play Legos.

Roy loved trains and buses. One of his favorite activities was being tickled. Roy will be missed by everyone that his precious, little life touched, and he will forever remain in our hearts.

Roy was a ray of sunshine and loved being around family and loved eating good food, snacks, and fruits. He enjoyed playing and running in the house with Kyra and playing with his toy trucks and being tickled by his uncles. May the Lord hold Roy in His loving arms and bless him with all the fruits of heaven. Thank all who said a prayer, sent cards, phone calls giving their

condolences during a time such as this is very much appreciated.

Roy was preceded in death by the Summers' family -- Durray M. Summers (Father) Washington, DC and Rosinetta Mackall (Mother) Silver Spring, MD/Ft. Collins, CO, Kyra Summers (sister) and seven other siblings, Great grandparents Reverend Dr. Barbara C. Summers and Deacon Theodore Summers, Grandmother Cheryl D. Summers and Sharon R. Summers (Great Aunts) Theodore M. Summers, II, (Great Uncle), Dane M. Summers, and Marchello Thomas (Uncles), Marcus I. Summers and Matthew M. Summers and a host of cousins.

“ -From a previous neighbor

Having vaguely interacted with such kind, innocent & warm soul definitely spoke for its self . He was right there side by side-hip to hip with two of his siblings . Instead of racing up he would guide and just be that brother 🌸 . You clearly were exactly that ray of sun shining down, you will continue to be dearly missed and you will forever shine the brightest. Rest In Peace sweet Roy praying for Raheem and your little sister who where at your side y'all loved one another so genuinely. You truly are special we miss you !

“ I worked with Roy throughout his kindergarten year and saw him everyday during his small group instruction as my office is adjacent to the classroom. He had such a bright and endearing personality and gave great hugs. He was very trusting of the staff and adults at school. His excitement was infectious. He learned so much this year, and responded amazingly to the structures and supports we were able to give him - he loved knowing and following the rules. He will be missed dearly and I will forever remember his sweet face and spirit.

“ Roy came a long way in his short time at Laurel. He was in my PE class twice a week and his smile would light up my whole day. He had a best friend that would sometimes be overly silly with him in PE chasing each other and laughing. He loved playing to music and dribbling a ball. I miss his hugs and that precious, amazing smile! I miss you Roy!

“ I was lucky enough to start my day with Roy's infectious smile. You couldn't help but smile back and giggle. He would come into Mrs. Arnold's room and announce "I'm here!" and then yell "Arnold! Pappas! " He would faithfully remove his purple folder from his backpack and bring it to me. I would try to sneak in a quick hug if he wasn't too busy moving on to another mission. I still find myself looking and waiting for him to come around the corner into Mrs. Arnold's room and share his smile and joy with all of us. I really miss him.

“ I would hug Roy every single day as he passed my 2nd grade classroom. He'd frequently ask, "What's your name?" even though he already knew, he loved to be silly and make you laugh. He would often poke his head into our classroom to see what we were up to. I will never forget the giant smile on his face as he walked by me each day. Roy was often the highlight of my day. He truly was a special little boy with a giant heart.

“ I saw Roy everyday for lunch recess and once a week for library and computer lab. His smile was contagious! For library and lab he would arrive each week and ask, "What are we going to learn to do today?" He loved learning new programs on the computer. He will be missed.

“ My room is at the intersection where Kindergarten walked pass each day. Whenever he was coming back by himself or with a friend, I would say "hi. how are you doing?" Then he would say "I'm Roy!" with the biggest smile. I will miss you.

“ The halls of Laurel Elementary were better because Roy walked them each day! He brought some much joy to everyone he encountered! He will be missed dearly and I'm so blessed that I got to be part of his school life!

“ I will always remember Roy's excitement, mixed with a little shyness, when I'd see him in the hallway. He'd look at me, smile big, wave real quick, and bolt around the corner then look back and smile again :) so precious. (Mrs. Roberts)
