“ *Saddened to hear of this terrible news. She was a very bright and talented person who left this world way too soon. While it had been awhile since I'd seen her, she will always be a special part of my life and I am a better person because of her. Thoughts and prayers for Michael and the rest of her family during this challenging time.*

“ I was so privileged to meet Tammy! Actually my mother found Tammy and introduced me to her! She saved us and helped us so many times! I was absolutely dazzled by her knowledge! We bonded over nail polish and silver jewelry! Then she went to CSU to help them and I met Jason. What a jewel! I have love chatting with him as he helps us out of our computer jams! Jason embodies Tammy's spirit and you see her in the twinkle in his eyes! Thank you so much for sharing her with us! She was taken way too early! The man upstairs must need help with his computers!

“ Tammy was so friendly from the start at CSU. She always had a smile and a hello for any one of us whom worked with you. I am numb and can't believe this has actually happened. May god bless you all.
