“ I remember my visit to Broomes Island many years ago. Wayne, Kevin and Cheryl were all just youngsters but they knew their way around the water and boats. The new house was not finished yet and I stayed in a tall ceilinged room in the old farm house. You all took me out to gather oysters which we then cooked every way possible and those were my first oysters ever! My heart aches for the losses of family but as long as we remember, they will not be forgotten.

Love to all,

“ Dear Jordan and family,
I'm so sorry about your father's passing. You know I only spoke to him once. You and John had gone up to Cameron Pass to snowboard. It was in the evening and you still weren't home. I called your parents and your dad answered. I told him I was Johns mom and before he even said his name, he said " I bet you are wondering where the boys are". Of course I said yes and he told me you had just called and were on your way home. Was I relieved! You and your friends have been a pretty tight knit group and supported each other throughout the years. My condolences to your mom and the rest of the family.
