“ *Bill was a good man! I have many fond memories from the summers he & Ester came to visit 'Brownie' & Edith Burt. My best remembrance is when Bill & I both got in trouble from Grandma Burt. I was not very old, Bill lifted me up and held me upside down, so I could 'walk' on the ceiling. Grandma wasn't real thrilled about having little footprints on the living room ceiling!! As I got older and went into law enforcement, he would share stories about his career in Hutchinson. Just an all around fine man to know.....an honor to say I knew him.*

“ *My Dad, Warren Niceley, heard about Bill's passing from an army friend, Kenneth Hicks from Arkansas. He was so sorry to hear of Bill's death. He and Bill shared many experiences during the war. Warren was small in stature and when he would get his motorcycle stuck in the mud Bill would always pull it out for him! They attended several 1st Armored Division reunions together in past years as well as visiting other times. Warren would really like to be in touch with Rebecca but he doesn't have her address. He would so appreciate it if you would get in touch with him at the above address or phone number when it is convenient.*

With sympathy, the Niceley family

“ I was one of Bill's nurses while he was a resident at Good Sam. He was a wonderful man, a gentleman in the fullest sense of the word, full of love for his family, and of life in general. It was a great honor and a privilege to care for him, and I am grateful that he was allowed to come into my life for that brief time. I know that he is now, finally at home, and free from pain. I pray for peace and comfort for you.
